

1. abstraction:NO Integer(node version)
2. crash point:after read
3. bug type:TOF
4. timing:crash

```
1     private Set<String> loadWALsFromQueues() throws
KeeperException {
2 -     int v0 = replicationQueues.getQueuesZNodeCversion();//
hard to abstract the int
3     for (int retry = 0; ; retry++) {
4 +     int v0 = replicationQueues.getQueuesZNodeCversion();
```
